Re: Donation

Dear Simpson Eagles Educational Foundation,

Thank you for the very generous donations to Simpson Middle School during the 2021-22 school year. Your donations made it possible for us to purchase STEAM materials for use in the classrooms, additional iPads and cases for student use, breakout box items, and a toaster oven and materials to make laptop case keychains in Art. Other donations allowed for the maintenance of the digital signage at the Front Entrance, grants for teachers to attend conferences, funds for Gimkit program for classroom teacher use to help students enhance their learning and practice study skills, grant for 3D Printer bundles in the MakerSpace and funds for the Technology Parapro salary and study hall monitoring payroll. These are just a few examples of the many contributions that SEEF works hand in hand with Simpson to provide the necessary resources for our staff and students to thrive.

We greatly appreciate our Simpson Eagles Educational Foundation and the time and talents of each person. Through your donations, you have made a positive impact in the lives of the students at Simpson Middle School.

Sincerely,

LaEla Mitchell
